

Date	Time	Events
23 March 2015	09:30 - 11:30	Registration and Poster Mounting
	11:30 - 12:30	Inauguration
	12:30 - 14:00	Lunch
	14:00 - 15:30	Session 1 : Diamondback Moth and other crucifer pests - Global Challenges
	15:30 - 16:00	Tea Break
	16:00-17:30	Session 1 continued
	19:00	Dinner
24 March 2015	09:30 - 12:30	Session 2 Biology, ecology and behavior of diamondback moth and other crucifer pests
	12:30 - 14:00	Lunch
	14:00 - 15:30	Session 3 Insect Plant interactions, host plant resistance and chemical ecology of Diamondback Moth and other crucifer pests
	15:30 - 16:00	Tea Break
	16:00 - 17:30	Session 3 continued
	19:00	Dinner
25 March 2015	09:30 - 12:30	Session 4 Insecticides and insecticide resistance in diamondback moth and other crucifer pests
	12:30 - 14:00	Lunch
	14:00 - 15:30	Session 4 continued
	15:30 - 16:00	Tea Break
	16:00 - 17:30	Session 4 continued
	19:00	Dinner
26 March 2015	09:30 - 12:30	Session 5 Biological and non-chemical methods of management of diamondback moth and other crucifer pests
	12:30 - 14:00	Lunch
	14:00 - 15:30	Session 6 Biotechnological tools and novel approaches to manage diamondback moth and other crucifer pests
	15:30 - 16:00	Tea Break
	16:00 - 17:30	Session 7 At the farm level : Barriers to and innovations for management of diamondback moth and other crucifer pests
	19:00	Dinner
27 March 2015	09:30 - 12:30	Session 7 At the farm level : Barriers to and innovations for management of diamondback moth and other crucifer pests
	12:30 - 14:00	Lunch
	14:00 - 15:30	Session 8 Discussion, Conclusion and Next workshop
	15:30 - 16:00	Tea Break
